Dear Grade 9 Parents

RE: SUBJECT CHOICE SURVEY

Earlier this term a survey was conducted regarding the Grade 9s' subject choices for 2018, specific attention was placed on Accounting as an option. Please find a graph of the results below.

Results showed that only three learners wanted to take Accounting as a matric subject, for this reason, it will not be feasible for MCS to offer Accounting as a Grade 12 subject. Your children can, however, take it as an **extra** subject through outside companies. Two online companies that offer this opportunity are Hatfield Online Christian School and SSIR.

It is also important to reiterate the following points:

- Learners must achieve above 60% for Mathematics in Grade 9. Thus, despite few learners choosing to do Maths Literacy, it will definitely be offered as a matric subject.
- It is now an IEB requirement that in order to do Physical Science and Accounting in Matric, your child must take Mathematics.
- At MCS the maximum number of students in a class is 26, thus only the top 26 students will be chosen.

A final subject choice package will be sent out next term.

Sincerely,

Kalma Viljoen

Grade 9 HOD

Janine Hinde
