

June 2017 Examinations
Grade 9 Mathematics Scope

The following areas will be covered in the upcoming examinations:

Book 1:

- Products
- Factorising
- Algebraic fractions
- Equations
- Polygons and circles

Book 2:

- Patterns
- Linear graphs

It will be beneficial to revise the tests written in class since the beginning of the year. There are revision tests at the end of each chapter followed by a memo. These are an excellent revision tool.
